"Your Hometown Hospice on Highway 1"

"Our Mission is to comfort the body and heal the heart through compassionate quality care during end-of-life experiences, so patients and their families may live each day with peace, comfort, and dignity"

Home Care Hospice

Our goal is to provide care using a interdisciplinary team in the home setting, including nursing care, chaplain, social work, bereavement, physician, dietary and other therapies. The philosophy of our interdisciplinary team is to provide support for the patient's emotional, social, and spiritual needs as well as assisting with pain control and medical symptoms to treat the whole person.

Hospice Haven General Inpatient Center

Our 6 bed GIP center provides care in our free-standing facility. The Haven is an acute care center that will provide 24 hour hospice care and manage uncontrolled symptoms which may include pain, other acute symptoms, and psychosocial crisis. GIP patients continue to receive services from all members of the hospice team.

Volunteer Services

This program allows us to provide additional services to our patients through our patient care and clinical volunteers in our volunteer program.

Bereavement Services

This program offers grief support for all community members including newsletters, counseling in person or via telephone, childrens grief camp and support groups.
